Warrant for the Annual Town Meeting

MARCH 14, 1944, AT 10 A. M.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of South Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said South Hampton on Tuesday, the 14th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To raise and appropriate money for the support of highways and bridges.
4. To see if the Town will vote to raise and appropriate the amount of money necessary to secure State Aid for the permanent improvement of Class V roads.
5. To see if the Town will vote to raise and appropriate the sum of \$500.00 for snow removal.
6. To see what sum of money the Town will vote to raise and appropriate for insurance and Town Officers' bonds.

7. To see what sum of money the Town will vote to raise and appropriate for the Public Library.

8. To see what sum of money the Town will vote to raise and appropriate for Public Welfare.

9. To see what sum of money the Town will vote to raise and appropriate for the care of Cemeteries.

10. To see what sum of money the Town will vote to raise and appropriate to pay taxes on property bought by the Town.

11. To see what action the Town will take in regard to real estate deeded to the Town for the non-payment of taxes.

12. To see if the Town will vote to raise and appropriate the sum of \$10.00 for the Sibley Relief Fund and \$10.00 for the Amesbury Police Relief fund.

13. To see if the Town will vote to use part of the surplus to purchase War Bonds for the purpose of creating a fund to use for post-war projects. Such projects to be subject to the vote of the Town.

14. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and forty-four.

WILLIS J. EVANS,

Superintendent's Annual Report

February 1, 1944.

To the School Board and Citizens of South Hampton:

It is with pleasure that I submit my second annual report as Superintendent of your Schools.

As we all realize, the past school year has been during one of the most critical war periods we have experienced. Schools have been affected because of trying mental-strains on the part of parents, children and teachers as well as by the prevalent lack of normal home life caused by industrial boom and increased employment of adult members of the family. Children have been handicapped in many instances by having been left more "on their own." Those under the age of 10 who lack supervision and parental guidance at home today may be the real problems tomorrow. Some say, "It's **Adult** Delinquency!" However, it appears that all are attempting to make the best of the situation and are looking ahead to renewed normal times with optimism and enthusiasm.

To refute the often repeated statements by high administrative officials that the people do not seem to be conscious of or sufficiently realistic in their attitude toward the awfulness of this global war, Dr. Moehlman in "The Nation's Schools" magazine for February, 1944, makes the following statements: "No nation on the face of the earth has ever undergone so complete and rapid a transition from highly organized pacifism to war in so short a time. No people has ever voluntarily given so much of its income through self-taxation and voluntary savings to the support of war effort."

Today our soldiers are fighting in practically every part of the world to restore peace and freedom.

Tomorrow the students who are now in our schools must help to solve the tremendous problems involved if that peace is to be made permanent. Our country will need informed, enlightened and devoted citizens then, as much as it needs trained, loyal and courageous soldiers now.

Boys and girls, who in other times would have completed their elementary and high school training, are now leaving school in large numbers. In some communities, the exodus from school has reach proportions alarming to those concerned with the success of the war effort and for the longtime effort of youth.

The motives which cause pupils to leave school are understandable—attractions of high wages, desire to do something definite to help win the war, the influence of the example of others who have left, and the inducements of those who do not realize the value of increased schooling. It is generally agreed by army and civilian authorities that the greatest service which boys and girls of sixteen and seventeen can render to the war effort is to get ready for national service in the armed forces, in war production, in civilian war agencies or in specialized training by continuation of regular schooling at least until high school graduation. From the financial standpoint, a Research Bulletin of the National Education Association presents the following: "Time and money invested in education brings handsome economic return. The probable life earnings of a typical elementary, high school and college graduate in comparison to the required schooling is shown below.

Schooling	Period of Work	Total Earnings
Elementary	46 years (14 to 60)	\$ 64,000
High School	42 years (18 to 60)	88,000
College	38 years (22 to 60)	160,000

Text-books: More world-mindedness is being developed in our older children by more careful selection of subject matter by text-book writers—a fact which will ultimately develop the power to think out the relation of facts to the actual interests of the entire world. It is probably not an exaggeration to say that this world-mindedness is

growing with every passing week. In our own schools, perhaps one of the greatest improvements in study materials has been the continuation, as finances would permit, of the new reading system which was started two years ago. Anyone familiar with the new reading materials in contrast with the old texts can readily see the stimulating advantages to the younger children.

School Buildings: Several minor repairs were made during the past summer and the building is in good general repair. We note from observation and from publications that most communities have kept their school buildings on a par with, or even ahead of the average home in the community. School buildings are a means to an end; they should be media for the progress of human development.

Standardized achievement tests have been administered to all children above grade one and results show that pupils are working up to their capacity; they compare very favorably with those of other towns. Through participation in the "Schools-at-War" program the children have assumed attitudes of cooperation in addition to material help of buying war savings stamps and bonds, the latter of which we hope will develop into habits of thriftiness. The teachers should be commended for their efforts in this program. It is interesting to note that during the present school year \$464.80 has been invested in war savings by the pupils in South Hampton, or an average of about \$11.92 per pupil, 5 Bonds have been purchased, a "tin can drive" was carried on, and the school deservingly obtained a "Minute Man Flag" last June for 100% participation in the purchasing of war stamps.

Shortly after the distribution of War Ration Book No. 4, Chester Bowles, Acting Administrator for the Office of Price Administration wrote "The distribution of War Ration Book 4 has been carried out with dispatch and precision. We are indebted again, as we have been in the past to the school officials and teachers of the nation—I feel sure that they will be relieved to know that the task will

not have to be repeated soon." Other volunteers who helped in this task should also be commended.

About fifty percent of the teachers in Supervisory Union No. 14 were new to their respective positions this year. South Hampton was fortunate to have Miss Gladys Gilmour and Mrs. Kathryn Currier return to their positions—grades 1-4 and 5-8 respectively.

The school is operating smoothly and effectively.

It is commendable that such a large percentage of South Hampton pupils attend High School.

In conclusion, your attention is directed to attached reports of the school nurse, Mrs. Constance Cooper, and the music supervisor, Miss Jean Beaton, both of whom are continuing their good work at their respective duties.

Again I wish to express my appreciation for the whole-hearted cooperation which I have received from the School Board, Teachers, Parents, Pupils and other citizens in making our efforts successful.

Respectfully submitted,

JONATHAN A. OSGOOD,

Superintendent.

Health Supervision

To the Superintendent of Schools and School Board of South
Hampton, N. H.:

Of the 37 pupils examined during the school year 1942-1943, the following cases were found and treatment was given as indicated:

	No. Cases	No. Receiving Treatment	No. Corrections.
Defective vision	1		1
Nervous condition	1	1	
Defective teeth	8		6
Diseased tonsils	1		1
Adenoids	1		1
Enlarged glands	3	3	
Pediculosis	3		
Skin diseases	9		

Total number vaccinated 37.

Clinics which have played an important part in our health program have been discontinued, due to the shortage of Doctors, Dentists, and Nurses. However private medical care may still be obtained. We urge all who can, to please make an earnest effort to secure the important medical and dental attentions necessary, if notified.

I wish to take this opportunity to thank all for their cooperation and help in carrying out our health program.

Respectfully submitted,

CONSTANCE COOPER, R. N.

Report of Music Supervisor

To the Superintendent and School Board of South Hampton, N. H.:

I hereby submit a report of activities in music for the year 1942-43.

The time allotment for South Hampton is one-half hour per week for each room.

In teaching music in the primary grades there are two principal aims. First, to teach a sufficient number of simple rote songs to give the child an opportunity to become conscious of his singing voice and through this to become aware of pleasant light tone and also to provide an opportunity for individual singing. This in addition of course to the pleasure derived from singing a familiar song alone or in chorus. The second aim is to introduce note reading. We plan to accomplish only the simplest note reading at this point consisting for the most part of tonic chords and simple scale passages, while the theory consists mainly of a knowledge of the position of the tonic, the upper half of the measure signature and for one, two, three and four beat notes.

In grades five, six, seven and eight, the singing is by note with the exception of occasional holiday or folk songs. Songs are in one and two parts. Six-eight measure, the simple use of chromatics found in songs sung, simple triplet groups, letters on the degrees of the staff and all symbols of notation as found in the songs make up the greater part of the theory.

We have excellent new and up-to-date texts this year for the upper grades and are working out in a very satisfactory manner.

Respectfully submitted,

JEAN BEATON.
